

Amundson 11.0

Description High performance all-around board in epoxy sandwich construction for sport and experienced riders.

Specifications 11'0"L x 29.5"W ; 147L, ~23 lbs

Item 5868-00115

Box Dimensions 138"L x 36"W x 6"H 43lbs

Geared for the rigorous demands of high-performance paddling and surf, the 11.0 is slightly shorter and thinner than the 11.3. While this board maintains a wide footprint and flat midsection for glide and stability, it offers more rocker, slightly more tuck in the rails and a subtle panel vee tail for serious performance in the surf. An outstanding board for a wide variety of conditions.

Built in epoxy sandwich construction for exceptional light weight, stiffness and responsiveness. Includes a full EVA deck pad, deck box with transport handle, and performance G10 fin.

Amundson 11.3

Description: All-around board for entry to expert riders.

Specifications: 11'3"L x 29.5"W ; 160L, ~25 lbs

Item 5868-00120

Box Dimensions 141"L x 36"W x 6"H 46lbs

A highly versatile all-around shape optimized for both flat water and surf. Wide footprint provides great stability, while slightly less volume and subtle rail shaping keep the board light and nimble. All-around rocker line blends outstanding glide with great turning ability. Newly refined graphics ensure that the 11.3 will continue to be a standout for years to come.

Built in Epoxy ASA construction for lightweight and durability, the 11.3 comes equipped with full EVA deck pad, molded carry handle, and epoxy fin.

Amundson 11.6

Description Full volume board for entry to expert riders.

Specifications 11'6"L x 30"W ; 212L, ~30 lbs

Item 5868-00121

Box dimensions 143"L x 36"W x 6"H 49lbs

For those in search of outstanding all around performance and full volume, search no farther. The new 11.6 offers a fairly flat rocker line and ample floatation for maximum glide. Width is carried from front to back for added stability, while subtle rail shaping keeps the board nimble. Just enough tail rocker and a slight vee aft will remind you that this board was born on the 'North Shore' of Oahu and is no stranger to surf.

Built in Epoxy AST construction for lightweight and durability, the 11.6 comes equipped with full EVA deck pad, molded carry handle, and epoxy fin.
